

Cawston Press Apple & Mango Fruit Water

Cawston Press Ltd

200 ml Carton

Product code: 4622660

DESCRIPTION

Pressed fruit shaken up with a little water and popped in to small cartons. Perfect for little taste buds.

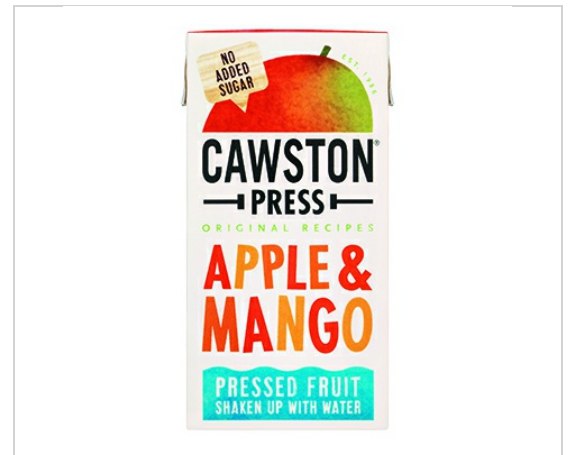

TASTING NOTE

Aroma and taste come mainly from the Alphonso mango puree, the most perfumed of mango varieties, with apple in the background. The mango gives the drink extra richness and weight compared to the other fruit waters. With the added water, it is deliciously refreshing.

PERFECT SERVE

Serve chilled from the carton using the paper straw provided.
